ENTRY-LEVEL FRONTEND DEVELOPER

Goal-oriented Entry level Frontend developer with knowledge of HTML, CSS, JavaScript and React seeking to use technical proficiency and creativity to develop engaging user experiences and advance in a professional career. Looking to leverage effective debugging, code optimization and project collaboration capabilities to produce applications that exceed user expectations.

EXPERIENCE

Freelance Junior Frontend Developer

02/2023 – Present

Frontline Development

- Translates complex design requirements into interactive user experiences to promote customer engagement and drive web traffic.
- Designs, develops, and codes responsive web applications for clients, which includes debugging issues, diagnosing root causes, and identifying solutions.

Web Development

- Created an SEO-informed WordPress website. Multiple articles rank #1 and on the top page on Google.
- Transformed a Figma restaurant menu design to a responsive webpage using JavaScript and CSS and React library which included developing pages, coding, and debugging.
- Created an online weather app using HTML, CSS and JavaScript, Rapid API, which included designing the user interface and testing functionality.
- Built a Moroccan Darija app as a free resource for other wanting to learn the regional Moroccan Arabic language. Used Google sheets to personally translate and compile over 2500 terms (and counting) and converted it to a Json.files so users can get results by searching the term in either English or Darija.

Ministry of National Education, Vocational Training

Sidi Slimane, MA

Primary School Teacher

09/2018 – Present

- Specializes in Arabic, French and Math but also teaches other classes as needed.
- Manages a student caseload of 80 students, ages ranging between 6-18.
- Prepares age-appropriate lessons and educational activities for exceptional student learning.

- Assists in writing exams for student evaluation and testing.
- Corrects and evaluates student coursework and prepares documentation to communicate student progress to the Ministry of Education.
- Engages in ongoing training to provide quality education; always looking for ways to improve teaching processes for student success.
- Participates in logistical meetings to improve school functioning for the students, and looking for new ways to assist the students and their families in academic success.

GovAssist, LLC

San Juan, PR
